

Parking Meter on a Sign

Clear Token provides the safest, most secure wireless platform for mobile parking payments

Easy and convenient for driver

No Cash, Coins or Credit Cards.

Use Clear Token app to identify meter, select duration and pay.

Display on sign flashes “PAID” and account charged.

Continues to flash “PAID” until expired.

Multiple Uses

Use as Permanent or temporary paid parking or as a permit or for reserved parking programs.

Suggested uses include Parking Permits, Reserved Residential Parking, Commuter Parking, VIP, Temporary, Event Parking & Others.

Great for the Operator

Very low cost solution. Easy to implement and relocate.

Accounting is easy without cash or credit cards. Paperless and maintenance free.

Enforcement

Easy to enforce. Like a single space meter, if the display isn't flashing "PAID" write a ticket. No need for special electronic equipment – even hand written tickets work.

Connection to the Internet is NOT required

All communications are between sign and user's cell phone and the cell phone and the Clear Token cloud.

Cost

\$99 for sign and Clear Token Mobile Display Module.

\$5 / month or \$60 per year maintenance & Mobile Payment license fee.

No payment transaction charges from Clear Token.
